

WHAT TO DO IN BAD WEATHER?

Is the Black Diamond Community Center open or closed?

Call the Center if you are in doubt about us being open.
Follow these instructions after you call 360-886-1011.

Wait six rings for the voicemail to pick up.

Listen carefully to the message on the voicemail about what to do.

The message on the voicemail will say whether we are closed or opening late.

If you would like us to call you back, leave a message after the beep with your name and phone number, and hang up.

You can also call us on our cell phones:

Cheryl Hanson: 425-831-7089

Leslie Johnson: 253-569-5128

Keith Watson: 425-214-3684

We will do our best to serve you.

This is the procedure for bad weather, when there is snow or ice.

Power outages may be handled differently as we have a generator. Call the office or the cell phones and we will instruct what to do in those cases.
